TRAIL DESCRIPTIONS AND REGULATIONS

Port Ludlow Trails are privately owned, operated, and maintained for the residents of Port Ludlow, their guests, and guests of the resort. Dogs must be on leash and owners must pick up all pet waste. Because of potential fire danger, there is NO SMOKING on any of Port Ludlow's walks or trails. Please use extreme caution at all road crossings - automobile traffic does not automatically stop for pedestrians.

Please observe good trail etiquette by turning cell phones off and keeping conversation volume down when within earshot of private homes. Moss on asphalt can be quite slippery when wet. Use caution if you encounter these conditions.

THE USER ASSUMES RESPONSIBILITY FOR ALL RISKS ASSOCIATED WITH THE USE OF THESE TRAILS .

PORT LUDLOW GOLF CLUB

This is golf at its best – 18 holes of pure golf in one of the world's most beautiful natural environments. How can it get any better as your ball flies through the air against a backdrop of the snow covered Olympic and Cascade Mountains, sailboats on Ludlow Bay and bald eagles soaring over Hood Canal?

Two 9s, each a new challenge: Tide and Timber each offer nine spectacular holes and two completely different golf experiences, all designed by the legendary Robert Muir Graves. Tide is characterized by its breathtaking water holes and Timber winds through dense, natural forest.

An environmental sanctuary: The Port Ludlow Golf Club is among just a few golf courses in Washington State to earn the designation of Audubon Sanctuary. That means careful planning and course management are ensuring the protection of this unique environment's wildlife, water quality and plant life.

Learning golf, becoming a member: Port Ludlow offers expert golf instruction, including private golf lessons, three-day golf schools and special golf and lodging packages in conjunction with The Inn At Port Ludlow. Port Ludlow Golf Club also provides the privileges of Membership for golfers who desire year-round priority access and special frequent-player discounts.

PORT LUDLOW MARINA

From Port Ludlow's protected cove on the west shore of Admiralty Inlet and the mouth of Hood Canal, you can chart your course anywhere in Puget Sound, or up and down the entire West Coast. The Port Ludlow Marina is just 28 nautical miles from Seattle's Elliott Bay. Experienced Northwest boaters know that Port Ludlow is the best marina location on Puget Sound.

Full-service marina: The Port Ludlow Marina has over 300 slips for both permanent and guest boaters and side ties for boats up to 200 feet. For your convenience, the marina provides fresh water, free showers for overnight guests, and shore power of 30 and 50 amps. Services include a fuel dock, pump-out and marina store with gifts, groceries, sundries, beer and wine.

Rentals for exploring: You can explore the waterways and coves of Ludlow Bay in your own boat, or rent a kayak, or skiff. Rentals include 14 foot or 17 foot skiffs, each holding four people and single or double kayaks.
